

Product Information:  
**GROUND FORCE 10W-40**  
**HORTICULTURAL ENGINE OIL**

### Description

Groundforce SAE 10W-40 is designed to cope with the difficult conditions found in four stroke diesel and petrol engines fitted to horticultural, garden machinery and stationary equipment where multigrade oils are recommended.

The oil is blended from solvent refined base stocks and performance additives to control varnish, soot dispersancy, low temperature sludge, oxidation, rust and corrosion. Groundforce SAE 10W-40 is recommended for all year use.

### Applications

Groundforce SAE 10W-40 is designed for use in all horticultural 4 stroke engines, both diesel and petrol where an oil of this quality is required.

### Performance Levels

API SF/CD/CF

Approved and endorsed by the British Agricultural & Garden Machinery Association.

### Physical Characteristics

Density at 15.6 °C	0.870
Kinematic Viscosity at 100 °C (cSt)	13.2
Kinematic Viscosity at 40 °C (cSt)	87.5
Viscosity Index	150
CCS @ -25 °C (mPa.s)	7000 max
Closed Flash Point (°C)	200
Pour Point (°C)	-30
TBN (mgKOH/g)	5.0

Figures based on average production values.

Part No.s: GFS001, GFS005, GFS025, GFS205
