

SLURRY DEODORISER & LIQUEFIER  
AND SOIL HEALTH ENHANCEMENT

## PRODUCT SAFETY DATA SHEET

### PRODUCT IDENTIFICATION

Product name	SLURRY <sub>FOR</sub> SOIL
Product type	Animal waste deodoriser and liquifier and soil health enhancer
Recommended use	To be mixed with water and used in slurry channels, storage tanks, lagoons and pens
Container type(s)	Recycled plastic tubs and alternatively Plastic pouches comprising MOPP/VMPET/PE
Container size(s)	2kg and 5kg

### GENERAL COMPOSITION

**SLURRY<sub>FOR</sub>SOIL** is an integrated biological formulation containing Zeolite powder, silicon dioxide powder, specially selected micro-organisms, broad spectrum enzymes, maltodextrin and essential nutrients and vitamins.

Hazardous components (if any)	None
-------------------------------	------

### PHYSICAL DATA

Appearance and odour	Dry powder/no odour
Specific gravity at 20°C	N/A
PH (Conc)	7.0
Biodegradable	Yes
Solubility in water	95%
% Volatiles	None
Viscosity at 20°C	N/A
Freezing/Boiling point	N/A

### FIRE AND EXPLOSIVE DATA

Flash point	Non flammable
Extinguishing medium	Non flammable
Special fire fighting procedures	None required
Stability	Stable
Incompatibility	None
Hazardous decomposition products	Will not occur

### SPILLAGE OR WASTE DISPOSAL PROCEDURES

Wipe up, mop up or soak with absorbent material. If convenient, flush down drain, rinse spill area with water. Dispose in accordance with local regulations.

**HEALTH  
HAZARD DATA****Routes of exposure:**

<b>Inhalation</b>	May cause slight irritation.
<b>Skin contact</b>	May cause slight irritation.
<b>Eye contact</b>	May cause slight irritation of the eyes and surrounding tissues.
<b>Ingestion</b>	May cause nausea, vomiting and diarrhoea.

**EMERGENCY AND
